EDUCATION

•Bachelor of Science in Computer Science

Concordia University, Canada

CGPA: 3.7

PERSONAL PROJECTS

•Foodie

Real-time group decision-making web app for choosing restaurants.

- Enabled seamless group collaboration with **WebSockets** for instant updates.
- Automated restaurant data extraction and categorization from GeoJSON using **Python**.
- Delivered a high-performance **Golang** API powering a responsive **React** frontend.
- Enhanced user engagement with custom **HTML Canvas** animations.
- Tech Stack: **Golang, React, Python, WebSockets, HTML Canvas**

•Group Hug

Full-stack social platform for Magic: The Gathering Commander players to find and join playgroups.

- Developed a secure **Spring Boot** backend with **RESTful APIs** for matchmaking and group management.
- Built a responsive **React** frontend with **Material UI** to enhance user experience and engagement.
- Implemented authentication with **JWT** and **OAuth**, ensuring secure access and data protection.
- Streamlined build and dependency management using **Maven**.
- Tech Stack: **Java, Spring Boot, React, Material UI, JWT, OAuth, Maven**

•Home Lab

Designed and built a personal home server environment for virtualization, containerization, and service hosting.

- Configured and managed virtual machines using **Proxmox** for efficient resource allocation.
- Deployed and orchestrated services in **Docker** containers for isolated and scalable applications.
- Administered a **Linux**-based server environment for hosting and development purposes.
- Implemented automated backups and monitoring to ensure high availability and reliability.
- Tech Stack: **Proxmox, Docker, Linux**

TECHNICAL SKILLS

Languages: Java, C/C++, Python, JavaScript/TypeScript, Golang, HTML & CSS, SQL.

Frameworks & Libraries: C++ STL, Python Libraries, React.js, Next.js, Material UI, Spring Boot.

Developer Tools: Unity, VS Code, Git, GitHub, Docker, Proxmox, Linux Server Administration.

Soft Skills: Problem Solving, Self-Learning, Adaptability, Communication.

WORK EXPERIENCE

•Zamboni Operator & Ice Maintenance Specialist

2023 - current

City of Westmount, Montreal, Quebec

- Maintained facility cleanliness, ensuring a safe and welcoming environment.
- Assisted with rink programming and event coordination, contributing to smooth operations.
