

Profile Summary

Motivated and detail-oriented Computer Programming graduate from Algonquin College with strong skills in Java development, databases, and full-stack web applications. Experienced in building JSF + JPA + EJB enterprise applications, RESTful workflows, and SQL-based data processing. Known for strong problem-solving ability, reliability, and fast learning. Seeking an entry-level Software Developer, QA, IT Support, or Database Assistant role.

Technical Skills

- **Programming Languages**

Java, Python, JavaScript, SQL, COBOL, HTML, CSS

- **Frameworks & Tools**

JSF, Servlets, JSP, JPA/Hibernate, EJB, Bootstrap, RapidMiner, Git/GitHub, Payara 6, NetBeans, IntelliJ IDEA, VS Code, Postman

- **Databases**

Oracle 23ai, MySQL, SQLite, ER diagram design, EXPLAIN PLAN/Query optimization

- **Web Development**

Single Page Applications (SPA), JSF Managed Beans (@ViewScoped), form validation, CRUD operations, resource bundles

- **Software Engineering**

Object-Oriented Design (OOD), Design Patterns (Lazy Initialization, DAO, MVC, Singleton), JUnit Testing, multithreading, concurrency handling

- **Data & Analytics**

CSV parsing, data preprocessing, workflow automation

- **Other Tools**

Android Studio (EncryptedSharedPreferences), MS Office, Linux basics

Education

Algonquin College, Ottawa

2023-2025

Advanced Diploma in Computer Programming

<https://www.algonquincollege.com/sat/program/computer-programming/>

Kendriya Vidyalaya, Trivandrum, India

2021-2023

Higher Secondary

Studied principles and grasped practical knowledge in Computer Programming and Database Management

Relevant Projects

- **Academic Exchange Platform (AEP) – JSP/Servlet + JPA + SQL**

Developed a full web platform supporting user registration, profiles, course management, and request handling. Implemented database schema, JPA entities, validation, and session management.

- **Physician Directory (SPA) – JSF + JPA + EJB + Payara 6**

Refactored a physician management system into a single-page application. Implemented CRUD operations, optimistic locking, form toggling, and full JSF UI with Bootstrap.

- **Advanced Database Lab (Oracle 23ai)**

Used EXPLAIN PLAN to evaluate query performance and optimized SQL queries for efficiency.

- **Practical Project (Part 3) – SQLite + Java**

Converted CSV data application into a database-backed system with full CRUD operations and structured data storage.

- **COBOL Pet Records System**

Loaded pet data from a file into a table and implemented a search feature using PET-ID.

Work Experience

Associate – Pack Flow

AUG 2024 - PRESENT

Amazon Fulfillment Center, Ottawa, Ontario

- Maintained a consistent 98% accuracy rate in scanning, packing, and routing customer orders.
- Improved package flow efficiency by 22% by following optimized workflow processes and quality guidelines.
- Handled physically demanding 11-hour shifts with reliability and strong attention to safety standards.
- Collaborated with team leads to reduce packing delays, contributing to a smoother outbound process.
- Achieved high productivity scores across multiple workstations including Pack, Flow, and SLAM.

O/N Associate

FEB 2024 - AUG 2024

Walmart, Kanata, Ottawa, Ontario

- Achieved a 99% accuracy rate in stocking merchandise, ensuring proper shelf placement and product visibility.
- Increased inventory efficiency by 20% through the effective use of handheld inventory devices and computer systems.
- Collaborated with supervisors and team members to meet nightly stocking goals, contributing to a 15% improvement in team productivity.
- Ensured aisles were customer-ready by maintaining clean, organized, and safely arranged sections.

Graphic Designer

JAN 2022 - DEC 2023

Rocorp Technologies, Trivandrum, India

- Designed visual concepts using Adobe Creative Suite, resulting in a 25% improvement in design quality and client satisfaction.
- Developed and standardized brand identity guidelines, improving brand consistency by 20% across platforms.
- Interacted directly with clients to understand design needs, ensuring timely delivery and strong customer retention.

Volunteer Experience

Volunteer – New International Student Social (Spring 2024)

MAY 2024

Algonquin College, Ottawa, Ontario

- Communicated event schedules and details, resulting in a 20% rise in attendee engagement.
- Led interactive activities and discussions, fostering cultural exchange and increasing participant interaction by 35%.
- Collected feedback from students with a 95% satisfaction rate, supporting improvements in future events.

AC Day 1 Volunteer – Spring Orientation (2024)Algonquin

MAY 2024

College, Ottawa, Ontario

- Assisted in organizing and facilitating orientation activities, contributing to a 30% increase in participant engagement compared to previous years.
- Provided personalized guidance to new students, improving overall student satisfaction by 20%.
- Worked closely with staff and volunteers to deliver a cohesive orientation program, achieving a 95% collaboration and unity rating among the team.
