

VIKRAM SOOD

Software Developer

Brampton, ON | ramviksoo44@gmail.com | +1 (647) 218 – 0444

Status: Permanent Resident (Canadian PR) | **Willing to Relocate**

PROFESSIONAL STATEMENT

With over 7 years of experience as a developer, I bring a strong expertise in both backend and frontend technologies. On the backend, I have extensive experience with Java, Microservices, Spring Boot, AWS architecture, PostgreSQL, APIs, Struts and Python. On the frontend, I am proficient in HTML, JavaScript, React and CSS, enabling me to deliver comprehensive end-to-end solutions.

SKILLS

- Project Management
- Quality Assurance (QA)
- Programming: Java, JavaScript, HTML5, CSS, Bootstrap, jQuery, C++
- Frameworks: Spring Boot, Struts, Microservices
- Databases: PostgreSQL
- Web Services: REST APIs, SOAP
- Tools: Excel (Advanced), VLOOKUP, XLOOKUP
- AWS Architecture
- React
- Data Analysis
- Microsoft Excel (Advanced)
- Client Handling
- Healthcare Web Development
- User Acceptance Testing (UAT)
- Responsive Web Design
- Team Leadership
- Methodologies: Agile, Scrum
- Python

PROFESSIONAL EXPERIENCE

Project Engineer

Noida/India

CDAC

Mar 2021 – OCT 2024

- Led the development of a nationwide healthcare web application for AIIMS, significantly improving the user experience using React.
- Optimized PostgreSQL databases, reducing query response time by 20%.
- Achieved a 100% pass rate in User Acceptance Testing (UAT).
- Developed scalable and modular backend services using Spring Boot, Microservices, and integrated frontend components with React.

Associate Consultant

Gurugram/India

Liquid hub Analytics Private Limited (CAPGEMINI)

NOV 2016 – OCT 2019

- Utilized advanced Excel functions (VLOOKUP, XLOOKUP), complex SQL queries (Joins, CTEs), and programming languages like Python for data analysis tasks.
- Provided data analysis and client handling support for Microsoft Unified Support and CLP projects over 3 years.
- Reduced data processing time by 30% through end-to-end SQL query optimization and analysis, leveraging Python for additional automation and efficiency.
- Contributed to a 20% improvement in project success rates for CLP, NPD, and Unified initiatives through data-driven insights and solutions.

EDUCATION & CERTIFICATION

Career Break for Upskilling (Postgraduate Certification in Big Data): CDAC

Jan 2020

Master of Computer Applications (MCA)

Oct 2016
