WORK EXPERIENCE

[Springshare](#) - Library Event Scheduling Software January 2023 - Present
Full Stack Web Developer

- Learned PHP from scratch to working proficiency within a month to develop features for event scheduling/management, room and equipment booking, etc. trusted by hundreds of [notable academic institutions](#) in the US and abroad.
- Bootstrap, JQuery, and Twig engine for front end, Podman for container management.
- CI/CD with GitHub Actions/Jenkins, MySQL database, deployed to regional AWS servers.

Wonder Inc. - Social Networking Startup September 2019 - July 2022
Full Stack Software Developer

- Led front-end development of social media startup's web interface.
- Implemented non-linear motion tweening/interpolation to morph between user avatar states.
- Enabled real-time chat with simultaneous avatar refresh using WebSockets and Redis.
- Managed back-end consisting of Ruby on Rails and PostgreSQL, deployed to Heroku.

University of Calgary - Computer Science Dept. May 2016 - August 2019
Research Scientist

- Implementation in C++ for calculation of [noncototient numbers](#) and properties of interest.
- Derived [the current fastest algorithm for computation of these numbers](#).
- [Proofs and several conjectures](#) presented at the [Canadian Undergraduate Mathematics Conference](#).

EDUCATION

- University of Calgary – Calgary, Alberta, Canada September 2015 - June 2020
- 4.0/4.0 Cumulative GPA
- Combined Degree, BS in Computer Science (Honours) and BS in Mechanical Engineering

FUN TRIVIA

- In university, my final grade thrice went [outside the bounds](#) of the 0-100 grading scale.
- Obtained highest grade in a mixed undergrad/graduate class without once attending lectures.

SELECT AWARDS

- [Natural Sciences and Engineering Research Council Award \(2017\)](#)
- [Program for Undergraduate Research Experience Award \(2016\)](#)
- [University of Calgary Iverson Exam First Overall \(2015\)](#)
- [Canadian Computing Contest Junior Division First Overall \(2014\)](#)
- Tom Baines Junior High Overall Academic Achievement Award (2011)
