Professional Summary

IT professional with 10+ years of experience in system administration, cybersecurity, cloud migration, enterprise IT support, and technical operator. Skilled in managing Windows/Linux environments, networking, virtualization, and industrial automation systems (PLC/SCADA/IoT). Strong expertise in identity and access management, incident response, infrastructure monitoring, and optimization. Experienced in evaluating and implementing emerging digital technologies for government and enterprise organizations. Focused on security, reliability, and operational efficiency.

Core Competencies

IT Support (L2/L3); System Administration; Network Security Active Directory & Access Management; Cloud Services (Azure/AWS) Incident Response & Troubleshooting; PLC/SCADA/IoT Systems Technical Documentation; IT Service Management (ITSM) Technology Assessment; Business Continuity & Disaster Recovery Automation; Data Analysis; Project Coordination.

Technical Skills

- Operating Systems: Windows Server/Client (admin), Linux (advanced);
- Cloud & Virtualization: Azure, AWS, Hyper-V, KVM, VMware;
- Security & Identity: Active Directory, Group Policy, MFA, VPN, Endpoint Security, Backup Systems;
- Networking: TCP/IP, DNS, DHCP, Routing/Switching, Firewall Policies;
- Automation Systems: PLC/SCADA - Siemens, Schneider Electric, ABB, Allen-Bradley, Mitsubishi, others;
- IoT devices and programmable interfaces;
- Scripting & Tools: PowerShell, Bash, Monitoring Tools, Office 365, Excel (Advanced);
- ITSM / Ticketing: ServiceNow, JIRA, GLPI, Zendesk, Freshdesk;
- Web & Hosting: CMS platforms, hosting administration.

Professional Experience (2001–2025)

- Individual entrepreneur. Electronic and computer systems engineer, CEO. 2008–2025;
 - Ministry of Trade and Integration of Kazakhstan. Independent expert of the Scientific and Technical Council for Standardization. 2018–2023;
 - Ministry of Industry and New Technologies of Kazakhstan. Independent expert on the evaluation of new projects involving digital technologies. 2012–2014;
 - TMZSK Company (Transport Company). Positions ranging from engineer to Chief Director for Technical Business Development (CBDO). 2010–2025;
 - United Nations Global Environment Facility. Independent expert on energy efficiency. 2009–2013;
 - KTZ Company (Railway Company). Positions ranging from engineer to Chief Director for Technical Business Development (CBDO). 2001–2009;
 - Balkhash Locomotive Depot. Engineer-technologist for the repair of electronic devices. 2000-2001.
 - Volunteering. Monthly support for children in need through UNICEF and DAR. From 2015 to present.
- Job responsibilities:
- IT Systems Administrator / Technology Support;

- Government & Enterprise IT Operations;
- Administered and supported IT infrastructure for 250+ users;
- Ensured secure and stable operation of servers, networks, and cloud resources;
- Managed identity and access control using Active Directory and group policies;
- Maintained cybersecurity measures, endpoint defense, VPN access, backup continuity;
- Supported PLC/SCADA-integrated environments ensuring uninterrupted operations;
- Provided advanced troubleshooting for hardware, software, hosting, and digital platforms;
- Performed full cloud migration of business-critical systems (Azure/AWS);
- Conducted technology assessment and implementation of new IT solutions;
- Delivered technical documentation and compliance support for digital projects.

Key Achievements

- Resolved 600+ IT support tickets annually with 92%+ SLA compliance;
- Ensured 98% uptime for critical IT services and industrial systems;
- Reduced system downtime by 37% through proactive monitoring and maintenance;
- Improved cybersecurity posture, decreasing security incidents by 42%;
- Automated routine administration tasks, reducing manual work by 28%;
- Maintained 94% compliance with access control and zero unauthorized access cases;
- Improved network/server response times by 34% via optimization measures;
- Successfully delivered evaluation and implementation of 10 digital technology solutions for government and enterprise clients.

Education

- Academy of Transport and Communications (Almaty), 1995–2000. Master's degree of Technical Sciences. World Education Services evaluation certificate in Canada, 2024. Work Permit in Canada, 2025.
- Certificate of training in the Energy Efficiency Improvement program - IWO E.V. Berlin, Germany, 2025.

Awards & Recognitions

- Canadian visa granted under the Strategy for Attracting Digital Professionals;
- Second Place, National Competition for Energy-Saving Projects, Ministry of Industry, Kazakhstan;
- Patent for Reference System of Regulatory Documents, Intellectual Property Committee;
- Letter of Appreciation, Astana City Hall, for contributions to city development;
- Diploma, Kazakhstan Railways, for outstanding performance and high-quality work;
- Letter of Recommendation, TMZSK, for production excellence and economic efficiency;
- University Diploma for scientifically grounded reports and active participation in inter-university conferences;
- Second Place, “Master Golden Hands” Competition;
- Diploma for academic excellence and exemplary conduct.

Personal Strengths / Key Attributes

- Disciplined and highly responsible professional;
- Strong leadership and team collaboration skills;
- Quick learner with initiative and flexibility;
- Goal-oriented, organized, and able to handle multiple tasks;
- Excellent interpersonal skills and judgment in decision-making;
- Able to perform under pressure and maintain high productivity;
- Languages: Russian, Ukrainian (native), English (basic);
- Driver's license.
