- IT Documentation & Knowledge Bases.
- Vendor & Application Support (AutoCAD, Revit, SketchUp, Lumion).

EXPERIENCE

IT Support Technician

Aplin Martin

May 2022 - April 2024, Surrey, British Columbia, Canada

- Delivered Tier 2 technical support and escalations for 350+ internal users, including C-level executives, resolving complex hardware, software, identity, and network issues across remote and hybrid environments.
- Managed onboarding and off-boarding, Lansweeper ticketing system, configuring laptops/desktops, software, user accounts, security groups, network permissions, and conference room technology.
- Administered Active Directory and Microsoft 365, supporting Office, Outlook, Teams, SharePoint, Exchange, OneDrive, and mobile device management (MDM).
- Executed large-scale IT projects, including: Migrating 350 users from desktops to laptops (Windows 7/10 → Windows 11), supporting an office relocation involving 40 users (Toronto → Oakville), and implementing Sophos MDM and Microsoft Teams phone system upgrades.
- Maintained Virtual Desktop Infrastructure (VDI) using VMware Horizon and vSphere ESXi, managing golden image updates, VM recovery, and CPU/RAM resource allocation.
- Automated network drive mappings and silent software deployments using PowerShell scripting and Splashtop, improving efficiency and reducing manual setup time.
- Collaborated with vendors to resolve application, licensing, and network issues for critical architectural software, including AutoCAD, Revit, SketchUp, and Lumion.
- Authored comprehensive IT documentation and user guides, improving team coordination, onboarding efficiency, and employee self-service.
- Proactively managed IT asset inventory, antivirus controls, and minor security incidents, ensuring uninterrupted business operations and compliance.
- Achieved ~80% first-contact resolution and reduced escalation rates by ~25% through structured troubleshooting and clear user communication.

Sales Assistant

Vancouver Auto Liquidation

October 2017 - October 2018, Langley, British Columbia, Canada

- Supported daily operations through customer engagement, scheduling, and inventory tracking.
- Provided basic technical support for store computers and printers, resolving routine issues to maintain business continuity.
- Developed strong communication and problem-solving skills transferable to IT support environments.
