

RAJU YADAV

Senior Android Developer | IOS Developer | Mobile Developer

raju.yadav535482@gmail.com | (438) 778-7503 | Montreal, Quebec, Canada (Open to Relocate) | linkedin.com/in/rajuyadav1221

PROFESSIONAL SUMMARY

Senior Android Developer with 6+ years of expertise in native mobile application development using Kotlin, Java, Jetpack Compose, MVVM, Retrofit, Room, Coroutines, and Dagger/Hilt. Additional 1 year of IOS development experience with Swift and SwiftUI. Proven track record of delivering 18+ applications to Google Play Store and Apple App Store with 98% crash-free stability. Expertise in REST APIs, Firebase integration, ARCore-based 3D reconstruction, and hardware-software integration using Android NDK and JNI. Strong background in Agile/Scrum methodologies, code quality, performance optimization, and cross-functional team collaboration.

PROFESSIONAL EXPERIENCE

Senior Android Developer | Junior IOS Developer

03/2022 – 11/2024 | Montreal, Quebec, Canada

VyoO (Applications Mobiles Overview Inc.)

- Designed and implemented Android application architecture using Kotlin, Jetpack Compose, MVVM, Dagger/Hilt, and Coroutines, achieving 30% faster computation through optimized multithreading and CMake builds
- Developed and maintained Android SDK using Kotlin, Java, Android NDK, and JNI to integrate Open3D library (v0.15.1) for ARCore-based 3D reconstruction and measurement features for body, hand, and tire-scanning applications
- Implemented secure authentication and authorization flows using JWT for sensitive user data.
- Developed and tested iOS modules using Swift and SwiftUI, ensuring design and functional parity across Android and iOS platforms
- Published and maintained 3+ applications on Google Play Store and Apple App Store, managing release cycles, version updates, platform compliance, and addressing app review feedback
- Performed comprehensive quality assurance testing including functional testing, UI/UX testing, regression testing, and device compatibility testing across multiple Android and iOS versions
- Collaborated with designers to create intuitive user interfaces using Jetpack Compose and SwiftUI, ensuring pixel-perfect implementation of design specifications and optimal user experience
- Partnered with Product Managers, QA engineers, and design teams in Agile/Scrum environment, owning sprint planning, backlog refinement, and user story definition
- Wrote unit tests and UI tests for core features, ensuring code quality and bug detection.

Senior Android Developer

11/2017 – 12/2019 | Ahmedabad, Gujarat, India

One Click IT Consultancy Pvt. Ltd

- Managed up to 4 concurrent mobile development projects per week across healthcare, travel and HR sectors, maintaining consistent delivery timelines and quality expectations
- Migrated multiple client applications from Java to Kotlin, refactoring architecture to MVP, MVVM with AndroidX and integrating Hilt, Retrofit, and Room for improved scalability and maintainability.
- Utilized RxJava for reactive programming patterns, managing complex asynchronous operations and data streams with Observables, Schedulers.
- Published and maintained 15+ applications on Google Play Store, managing complete release lifecycle including version updates, platform compliance, and app review feedback resolution
- Delivered healthcare, travel and HR applications with 98% crash-free stability verified through Firebase Crashlytics and Google Play Console metrics.
- Integrated Firebase Analytics and custom event tracking to monitor user behavior, providing actionable insights that improved user retention by 25%.
- Implemented accessibility features including TalkBack support and content descriptions for inclusive user experience.
- Led module-level design, development, and QA coordination using Agile delivery practices with weekly sprint releases and continuous integration.
- Integrated RESTful APIs, Firebase services, FCM push notifications, and real-time update mechanisms to improve application responsiveness and user engagement

Junior Android Developer

08/2016 – 11/2017 | Ahmedabad, Gujarat, India

PluralMind Technolab Pvt. Ltd

- Completed 6-month probation as entry-level developer, rapidly advancing to full-time Junior Android Developer through self-learning, initiative, and demonstrated technical competency
- Built and maintained Android applications using Java, Android SDK, XML UI layouts, and SQLite database under senior developer mentorship and code review
- Published and maintained 5+ applications on Google Play Store, managing app submissions, updates, and compliance with Google Play policies and guidelines
- Implemented REST API communication and JSON/XML parsing for dynamic data handling and server synchronization
- Collaborated with development team using JIRA and Trello for sprint tracking, task management, and backlog refinement in Agile environment

TECHNICAL SKILLS

Programming Languages: Kotlin, Java, Swift, HTML, Python, JavaScript, TypeScript, C++

Android Development: Android SDK, Android Studio, Jetpack Compose, MVVM Architecture, MVP Architecture, Dagger, Hilt, Dependency Injection, RxJava, Retrofit, Coroutines, Flow, Room Database, Android NDK, JNI, Gradle, ARCore, MediaPipe, CMake, Material Design, XML Layouts

iOS Development: Swift, SwiftUI, Xcode, iOS SDK, iOS Human Interface Guidelines, UIKit

Backend & APIs: REST APIS, RESTful Services, JSON, XML, Firebase (Auth, Firestore, Crashlytics, Analytics, Performance Monitoring), FCM Push Notifications, Google Maps SDK, SQLite

Architecture & Design Patterns: MVVM, MVP, Clean Architecture, Design Patterns, Dependency Injection, Separation of Concerns, SOLID Principles

Development Tools: Git, GitHub, Bitbucket, Android Studio, Xcode, JIRA, Trello, CI/CD (Bitrise, GitHub Actions), Gradle Build System

Testing & Quality Assurance: Manual Testing, Functional Testing, Regression Testing, UI/UX Testing, Device Compatibility Testing, Unit Testing, Integration Testing, Performance Testing, Debugging, Code Review

UI/UX Development: Material Design, Responsive Design, Pixel-Perfect Implementation, Design System Integration, Interface Design, User Experience Optimization

Advanced Technologies: USB Device Communication, Hardware-Software Integration, Open3D, 3D Reconstruction, ARCore, Deep Linking, Foreground Services, Broadcast Receivers, Scoped Storage

App Publishing: Google Play Store Publishing, Apple App Store Publishing, App Store Optimization, Release Management, Version Control, Compliance Management

Methodologies: Agile, Scrum, Sprint Planning, Backlog Refinement, Sprint Reviews, Retrospectives, Code Review, Technical Documentation, Team Collaboration, Cross-functional Communication

PORTFOLIO

NjoyCabs: Outstation Taxi

Taxi booking app for intercity travel with one-way, return, and multi-day ride options.

Play Store: play.google.com/store/apps/details?id=com.njoy_outstation 

MWR Life

Business management platform for lifestyle consultants with push notifications and video sharing.

Play Store: play.google.com/store/apps/details?id=com.mwrlife 

Holiday Tracker

HR leave management system with leave applications, status tracking, and real-time notifications.

Play Store: <https://play.google.com/store/apps/details?id=com.oneclick.admin.calendar> 

Mood Tracker

Emotion tracking app with local database (Room), privacy-focused design, and one-tap mood recording.

Play Store: play.google.com/store/apps/details?id=com.rajuyadav.moodtracker 

VideoCompresso

Video editing utility with compression, trimming, and reverse video features.

Play Store: play.google.com/store/apps/details?id=com.rajuyadav.sony.videocompressor 

Quick Stickers

WhatsApp sticker creator with custom sticker management.

Play Store: play.google.com/store/apps/details?id=com.rajuyadav.quickstickersnew 

Additional Professional Work

- 12+ enterprise and client applications (proprietary/NDA-protected) including healthcare management systems, HR applications, and AR-powered 3D body scanning applications
- Total: 18+ applications published across Google Play Store and Apple App Store with 98% crash-free stability.

EDUCATION

IT Project Management, Attestation of College Studies

ISI College

01/2020 – 02/2022 | Montreal, Quebec, Canada

Master of Computer Application (MCA), Master's Degree

Dharmsinh Desai University

08/2013 – 05/2016 | Nadiad, Gujarat, India
