PERSONAL PROFILE

Creative Designer with 7+ years of experience delivering high-quality visual design, layouts, illustrations, motion graphics, videos, and multi-platform marketing materials. Proficient in Adobe Creative Cloud, UI/UX, front-end layout, branding, photography support, and digital content creation. Skilled in leveraging the latest AI tools to enhance design efficiency and production quality. Strong at managing multiple deadlines, adapting quickly to project needs, and contributing to creative concepts in fast-paced environments.

WORK EXPERIENCE

Graphic & UI Designer | The learning Network | Jan 2019 – Oct 2025

- Designed high-quality print and digital marketing materials, including posters, eBooks, newsletters, brochures, presentations, and social media assets.
- Produced videos, motion graphics, animations, and podcast visuals to support marketing and communications campaigns.
- Created UI/UX mockups and digital layouts for products and client projects, including universities, colleges, and academic associations.
- Built and maintained websites using WordPress, HubSpot, Wix, and HTML/CSS/JavaScript/PHP.
- Led major UI redesign projects, ensuring accessible, brand-aligned, and user-centred design solutions.
- Collaborated directly with higher-education and professional clients to evaluate content needs and deliver tailored design materials.
- Developed interactive and multilingual eLearning modules using Articulate Storyline, aligning visuals with academic learning objectives.

SKILL

- Adobe Creative Cloud: Photoshop, Illustrator, InDesign, Premiere Pro, After Effects/Animate, Lightroom
- UI/UX & Digital Tools: Figma, Adobe XD, Canva, Miro; branding, typography, print/digital layout
- Web & CMS: WordPress, HubSpot, Wix; HTML/CSS/JavaScript/PHP
- Multimedia: video editing, motion graphics, audio editing; DSLR photography & DJI drone operation
- eLearning & Interactive: Articulate Storyline; instructional visuals & multilingual course design
- AI Tools: Adobe Firefly, Midjourney, Canva AI, ChatGPT workflows; rapid concept prototyping
- Project Tools: Asana, Basecamp, Wrike, Trello; Microsoft Office
