

OBJECTIVE: Seeking an SAP BTB Cloud Integration role where I can apply my expertise in SAP CPI to develop robust integrations across SAP and non-SAP systems, delivering seamless, scalable enterprise solutions.

PROFESSIONAL PROFILE

- 7+ years of experience in SAP BTP Integration, CPI, delivering high-quality integration solutions in Human Capital Management across multiple industries.
- Led the development of mission-critical integration projects for Arauco do Brasil. Contributed to the success of projects for Canadian clients like Cirque du Soleil, Resolute Forest Products, Halifax, Createch Talan, driving efficiencies and operational success.
- Proficient in leveraging SAP CPI and Dell Boomi, with a proven track record in optimizing HR and payroll integrations.
- Recognized for strong problem-solving, project management, and collaboration skills, ensuring seamless delivery and continuous improvement.
- Adaptable and results-driven, with technical expertise spanning JavaScript, Groovy, and API integration frameworks.

PROFESSIONAL EXPERIENCE

Digital Content Manager (Freelance) **Feb 2025 – Present**
Programa Hamilton Moto Aventura – Rádio Fox Rock 87.7 FM, Sorocaba, SP (Hybrid)

- Management and creation of multiplatform digital content, driving engagement with an audience of over 150,000 followers.
- Development of audience interaction and loyalty strategies for live broadcasts.
- Coordination of technical and editorial operations during the program's weekly broadcasts.
- Implementation of technological improvements to optimize listener experience and expand reach across digital platforms.

Sabbatical Year – Professional Development **Jan 2024 – Dec 2024**

- Completed advanced training in SAP Integration Suite modernization, focusing on best practices for cloud migrations and hybrid architectures.
- Enhanced expertise in digital strategy, technical storytelling, and UX design for enterprise integrations.
- Specialized in Radio Program Creation and Hosting, acquiring practical skills in live media presentation and multiplatform audience engagement.
- Pursued additional learning in Generative AI, communication technologies, and educational content creation.
- Developed and released "Steve Bird", a free, open-source Python game using Pygame and Pygbag, promoting programming education and digital inclusion through accessible software.

Integration Consultant **Aug 2019 - Nov 2023**
Group IN-RGY Consultation Inc., Montreal, Canada

- Served as lead developer for end-to-end integration projects and AMS support for clients such as Cirque du Soleil, Halifax, Createch Talan, and Resolute, using Dell Boomi and SAP CPI to streamline HR processes across platforms.

- Led the full migration of SAP BTP interfaces from NEO to Cloud Foundry and a complex SuccessFactors–S/4HANA Cloud integration, ensuring seamless and compliant data synchronization.
- Developed custom logic to support the Createch-Talan merger, consistently recognized by clients for delivering high-quality, strategic solutions.

SAP Cloud Platform Integration Consultant**Apr 2019 - Jun 2019**

Cast Group, São Paulo, Brazil

- Created custom SAP CPI integrations between SuccessFactors EC and Senior payroll, ensuring seamless data transfer.
- Streamlined organizational structure and employee data synchronization.
- Developed automated onboarding and data migration processes, enhancing overall HR efficiency.
- Conducted testing and UAT sessions with stakeholders to validate integration outcomes.

SAP Cloud Platform Integration Consultant**Mar 2016 - Apr 2019**

Oggettiva HCM, São Paulo, Brazil

- Delivered integrations for SuccessFactors, SAP HCM, and external platforms like ADP and EH&S using Dell Boomi and SAP CPI.
- Managed Core Hybrid hosting projects, including cost centers and time management interfaces.
- Configured ESS/MSS portals tailored to client requirements.
- Worked on high-impact projects for clients such as Kepler Weber and Belagrícola, contributing to process optimization.

Integration and Development Consultant**Mar 2014 - Oct 2015**

MIAGEN, Dublin, Ireland

- Developed ETL solutions using Adaptive Insights, supporting data integration for clients like DHL and Aramex.
- Managed software integration projects, ensuring delivery within budget and timelines.
- Utilized ASP.NET MVC and SQL Server for backend development, maintaining system efficiency.
