carmentang@hotmail.com

Bilingual (English/French) IT Support Specialist with 5+ years of experience in technical support, Active Directory administration, and user lifecycle management. Skilled in provisioning, access control, MFA, and incident response. Adept at collaborating with cross-functional teams to ensure secure onboarding/offboarding and compliance with access policies. I am seeking to transition to the domain of networking and network security, currently studying to obtain CCNA certification.

EXPERIENCE

Dentons Canada SLP, Montreal — Technical Support Specialist

July 2023 - PRESENT

- Manage aspects of user identity lifecycle: modified, and deactivated accounts in Active Directory, ensuring least privilege access and compliance with organizational policies.
- Supports multi-factor authentication (MFA) and VPN access issues for internal and remote users.
- Partners with HR and Security to enforce secure onboarding and offboarding processes, revoking or granting access rights promptly.
- Handling password resets, access permissions, and group policy management in AD.
- Responds to and resolved Tier 1/2 incidents via ticketing systems, escalating identity and access issues as required.
- Documents procedures for access governance and security incident handling.
- Provides bilingual support (English/French) across technical, security, and identity-related requests.

DWPV SLP, Montreal— IT Service Desk Technician

May 2022 - July 2023

- Acted as a liaison between the Service Desk and Applications teams, coordinating system updates, fixes, and vendor communications.
- Performed account provisioning and permission changes in AD for enterprise users.
- Assisted with user authentication issues, including SSO and Citrix logins.
- Supported endpoint security configuration and ensured compliance during audits.
- Processed employee offboarding by managing the removal and collection of equipment, including mobile devices (iPhone/Android), in compliance with company policies.
- Installed, configured, reconfigured, and updated laptop and desktop components based on user requests and guidelines.

Compugen Inc., Toronto— Bilingual Service Desk Analyst

March 2021 - April 2022

- Served as the Subject Matter Expert (SME) for 2 of the 5 companies, ensuring team members had up-to-date resources and troubleshooting steps.

SKILLS

- Identity Lifecycle Management (Provisioning, Deactivation, Role Changes)
- Wireshark
- MFA, SSO, Password & Credential Management
- ServiceNow / Ticketing & Incident Response
- Onboarding / Offboarding Processes (Compliance-focused)
- Windows 10/11, Citrix, Microsoft 365, VPN, Network Support
- Bilingual: English & French (written & spoken)

EDUCATION

York University - Glendon College,
Toronto - Honours B.A. in Translation Studies

McGill University, Montreal - Certificate in Applied Cybersecurity

LANGUAGES

English - Native proficiency

French - Professional working proficiency

- Coordinated with the technical point of contact at client companies to ensure documentation was accurate, relevant, and aligned with current processes.
- Acted as the primary point of contact for reporting technical issues and addressing inquiries related to applications like Citrix, Microsoft Office, Active Directory, Windows 10, and other technology concerns encountered by end-users.

Frontline Managed Services, Toronto— *Bilingual Service Desk Analyst*

May 2019 - March 2021

- Supported the onboarding of new Service Desk Analysts by actively participating in team chats and providing one-on-one assistance as needed.
- Provided bilingual support (English and French) exclusively to the Service Desk team of a multinational law firm across Canada and the United States.
- Managed user access and permissions in Active Directory, including handling password resets and granting authorization to applications.
