Professional Summary

Results-driven professional with a strong multidisciplinary background in engineering, technology, administration, and international business, currently transitioning into the cybersecurity and public-sector environment. I recently graduated in Cybersecurity from Seneca Polytechnic, with hands-on experience in administration, compliance, documentation, and public-sector finance through cooperative education. Proven ability to manage sensitive information, support operational processes, and collaborate across technical and non-technical teams.

Professional Experience

Co-op Student – IT Support

Ontario Financing Authority (OFA), Toronto, ON

December 2025 – Present

- Providing Tier 1 IT support to internal users within a public sector financial organization.
- Troubleshooting hardware, software, and basic network connectivity issues in a Windows-based environment.
- Assisting with user account management, including password resets and access permissions, in accordance with security and confidentiality policies.
- Logging, tracking, and documenting incidents and service requests using internal ticketing systems.
- Supporting setup, configuration, and maintenance of workstations, peripherals, and office IT equipment.
- Collaborating with IT and cybersecurity teams to ensure compliance with organizational IT and security standards.

- Applying cybersecurity best practices when handling sensitive systems, credentials, and user data.
- Utilizing Microsoft Office, Windows OS, and basic networking concepts to support daily IT operations.

Administrative Assistant (Part-Time)

Forest Hills, Toronto, ON

June 2025 – December 2025

- Provided administrative support to daily office operations in a fast-paced environment.
- Managed scheduling, email correspondence, and internal communications.
- Prepared, organized, and maintained digital and physical records and documentation.
- Assisted with data entry, report preparation, and tracking of operational information.
- Supported coordination between management, staff, and external stakeholders.
- Handled confidential information with discretion and professionalism.
- Contributed to improving office efficiency through organized workflows and attention to detail.

Head of Business Development

Elite Crest Import Export Company, Guangzhou, China

May 2024 – Present

- Established and executed business strategies for expanding trade operations across Asia and Africa.
- Managed end-to-end import/export logistics, customs documentation, and regulatory compliance.
- Built and maintained relationships with international suppliers and distributors.
- Conducted market research to identify new opportunities and optimize pricing strategies.
- Oversaw budgeting, cost control, and financial performance.
- Led cross-functional teams across sales, logistics, and technical support.

Electrical Control Engineer

ABB, Beijing, China

March 2022 – April 2024

- Designed and implemented PLC, DCS, and SCADA control systems for industrial automation.
- Programmed ABB control platforms including AC800M and 800xA.
- Performed system testing, commissioning, and troubleshooting.
- Prepared detailed engineering documentation and ensured compliance with safety standards.

Embedded Systems Engineer

Bosch, Guangzhou, China

March 2019 – March 2022

- Developed embedded software in C/C++ for automotive and industrial systems.
- Integrated hardware-software solutions and communication protocols (CAN, SPI, UART).
- Conducted testing, debugging, and documentation following industry standards.

Electrical Engineer

Bright Skies Technology Company, Alexandria, Egypt

April 2017 – January 2019

- Designed and implemented electrical systems for industrial projects.
- Supported feasibility studies and system troubleshooting.

Volunteer & Community Engagement

Cultural Exchange Volunteer – Heart of Arts Project (AIESEC)

Europe (Poland, Belgium, France, Czech Republic, Germany, Hungary) | 2015

- Selected to participate in an international cultural exchange project organized by AIESEC.
- Volunteered in hospitals, care centers, and community spaces to support sick children and elderly individuals.
- Used multiple forms of art (visual arts, music, interactive activities) as tools for cultural exchange and social inclusion.
- Collaborated with international volunteers from diverse backgrounds to deliver culturally engaging programs.
- Promoted cross-cultural understanding, empathy, and global awareness through creative community engagement.

Cultural Exchange Volunteer – Community & Education Project (AIESEC)

China | 2016

- I participated in an international volunteering project focused on community engagement and cultural exchange in school environments.
- Supported educational and cultural activities for students, introducing global perspectives through interactive sessions.
- Worked closely with local communities, educators, and international volunteers to foster intercultural communication.

International Delegate – Global Development Conferences

South Korea

- Represented a national delegation at international conferences focused on global development and innovation.
- Participated in discussions and knowledge exchange with international companies and organizations on infrastructure and development initiatives.
- Contributed to cross-border dialogue on sustainable development and international cooperation.

Education

Postgraduate Certificate – Cybersecurity and Threat Management

Seneca Polytechnic, Toronto, ON | December **2025**

Bachelor of Science – Electrical & Electronics Engineering

Arab Academy for Science, Technology & Maritime Transport, Egypt | **July 2017**

Certifications

- AWS Academy Cloud Security Foundations
- Advanced Diploma in Computer Networks and Internet Protocol
- CCNA IP Addressing & Subnetting (GNS3)
- Introduction to Cybersecurity – Cisco
- OPSWAT Critical Infrastructure Protection (CIP)
- Introduction to Digital Forensics
- Introduction to Linux (LFS101)
- IELTS General Training – Band 10

Technical & Professional Skills

- Administration & Documentation
- Public-Sector Compliance & Confidentiality
- Microsoft Office (Excel, Word, Outlook)
- Cybersecurity Fundamentals & Threat Analysis
- Network Security & Vulnerability Analysis
- Wireshark, Kali Linux, Metasploit
- Cloud Security (AWS)
- Risk Assessment & Incident Response
- Communication & Stakeholder Coordination

Dear Hiring Manager,

I am writing to express my interest in opportunities within your organization. I am a motivated and adaptable professional with a multidisciplinary background spanning engineering, information technology, administration, and international business, complemented by hands-on experience in public-sector environments and global community engagement.

I recently completed a Postgraduate Certificate in Cybersecurity and Threat Management from Seneca Polytechnic and am currently completing a Co-op placement with the Ontario Financing Authority, where I support organizational operations in a structured, compliance-driven environment. Through this experience, I have strengthened my ability to work with sensitive information, collaborate across departments, and contribute effectively within a public-sector framework.

Prior to this, I gained administrative experience working part-time with Forest Hills, where I supported daily office operations, managed documentation, coordinated communications, and maintained accurate records. These roles enhanced my organizational skills, attention to detail, and ability to adapt quickly in fast-paced professional settings.

My background also includes several years of technical and leadership experience in engineering and international business, having worked with global organizations such as ABB and Bosch, as well as leading business development initiatives across Asia and Africa. This diverse experience has equipped me with strong problem-solving abilities, analytical thinking, and the confidence to work effectively in multicultural and multidisciplinary teams.

In addition to my professional background, I have participated in international volunteering and cultural exchange programs across Europe and Asia, supporting charitable initiatives for children, seniors, and schools, as well as representing a national delegation at global development conferences in South Korea. These experiences strengthened my communication skills, cultural awareness, and commitment to community impact.

I bring a strong work ethic, professionalism, and a continuous learning mindset. I am eager to contribute my skills, adaptability, and global perspective to an organization that values collaboration, integrity, and growth.

Thank you for your time and consideration. I would welcome the opportunity to further discuss how my background and skills can support your team.

Sincerely,
Marwa Elsayed
