EXPERIENCE

Account Support Manager, Hewlett Packard Enterprise, May 2008 - April 2024
Calgary, Alberta

- The main objectives of this role were to ensure customers have positive experience with HPE Services and to ensure that they have the appropriate IT products and services to be resilient, agile and flexible.
- As an Account Support Manager, I was a client advocate and a single point of contact for HPE Services.
- Collaborated with sales teams to enhance customer satisfaction and retention.
- Assisted in the creation of support materials for client onboarding processes.

- Resolved escalated customer complaints in a professional manner.
- Ensured compliance with company policies when handling sensitive information from customers.
- Promoted new products to existing customers based on their needs and preferences.
- Collaborated with internal teams to ensure accurate data entry into the system.
- Documented all client interactions accurately in the CRM system.
- Provided comprehensive support to customers on product usage, billing, and troubleshooting.
- Actively participated in regular meetings with stakeholders to discuss progress updates.
- Managed customer accounts by providing timely responses to inquiries, resolving issues, and ensuring satisfaction.
- Monitored customer feedback regularly to evaluate effectiveness of services provided.

Field Support Technician, Hewlett Packard Enterprise, June 1997 - May 2008

Calgary, AB

- Diagnosed hardware and software problems and determined corrective actions needed.
- Resolved customer inquiries via telephone, email, or in-person visits.
- Evaluated customer feedback surveys to improve service quality levels.
- Assisted with network infrastructure and software configuration.
- Developed training materials for end users on how to use new technologies properly.
- Maintained inventory records of all equipment serviced in the field.
- Collaborated with engineering teams to resolve complex technical problems.

EDUCATION

Bachelor

Management, Athabasca University, June 2018

Diploma

Computer Technology, Northern Alberta Institute of Technology, April 1997

CERTIFICATION AND LICENSES

- ISC2 Certified In Cybersecurity (CC)
- Workplace Hazardous Materials Information System (WHMIS)
- Class 5 Alberta Drivers License
