WORK EXPERIENCE

Museum Attendant

Canada's Penitentiary Museum

Seasonal, 2025-Present

- Perform opening and closing tasks, checking displays and artifacts for cleanliness and damage

- Introduce guests to the site, and explain the best way to explore the exhibits
- Handle gift shop transactions, restocking, and maintaining POS protocols for opening and closing
- Maintain organization of gift shop merchandise in store room as well as maintain numbers for inventory
- Spend down-time reading pertinent materials and deepening knowledge of the museum subject matter

Tour Guide

Kingston Penitentiary Tours

Seasonal, 2024-Present

- Guide groups of up to 30 people through tours lasting up to 2.5 hours
- Maintain order and safety of guests while delivering optimal customer service
- Retain and present 178 years worth of historical knowledge in simple language
- Perform retail and site service tasks while not on tour with guests

Web Developer, Product Services Team

clevr Canada

2021-2023

- Build, maintain and debug administrative forms such as IEPS, VTRAs, various types of Request forms and more using JavaScript, SQL, HTML and CSS as well as multiple file integration systems (dictated by client preference) within company-built editor software
- Build, maintain and debug PDF printouts for the forms mentioned above.
- Meet with team daily to discuss upcoming projects
- Meet company wide weekly to debrief on issues as well as share our wins
- Track current and closed tasks, log time, and communicate with colleagues using Zoho business software suite

Bookstore Associate

Campus Bookstore at Queen's University

2011-2019

- Commune with profs and publishers to attain correct editions of books for courses
- Place and receive orders using digital and analog means
- Receive orders physically, including counting, inputting into system based on ISBN and shelving/stacking based on course code
- Perform annual inventory of all books current and past
