SUMMARY

Computer Engineering Technology graduate with hands-on experience in enterprise IT environments. Experienced in system and network troubleshooting, Active Directory administration, software deployment, and supporting virtualized and physical hardware. Reliable and detail-oriented, with strong communication skills and the ability to work effectively in secure, fast-paced environments.

PROFESSIONAL HISTORY

LEVEL 2 TECHNICAL ANALYST - LAN ADMINISTRATOR (CO-OP/FSWEP)

Royal Canadian Mounted Police (RCMP) | Ottawa, Ontario | 09/2024 - Present

- Provide advanced troubleshooting and technical support for network connectivity, system configurations, and enterprise applications
- Manage Active Directory, user permissions, and access controls to maintain system integrity and security compliance
- Specialized in software deployment, including remote installations, updates, and various configurations
- Diagnose and repair hardware issues, including workstations, servers, and peripheral devices, ensuring optimal functionality
- Document system configurations, troubleshooting steps, and resolutions to enhance internal knowledge bases

LEVEL 1 TECHNICAL ANALYST - CENTRAL HELP DESK (CO-OP)

Royal Canadian Mounted Police (RCMP) | Ottawa, Ontario | 01/2024 - 04/2024

- Able to provide technical assistance and support over the phone or via email for incoming queries and issues related to computer systems, software, and hardware (Exposed to 200+ applications)
- Maintain a comprehensive log of helpdesk tickets, documenting user inquiries, troubleshooting steps, and resolutions in a centralized ticketing system
- Provide prompt and courteous technical support to internal employees across multiple locations, ensuring minimal downtime and maximum productivity

CUSTOMER SERVICE & FRESH DEPARTMENT ASSOCIATE

Independent Grocer (Riley's/McDonough's) | Ottawa, Ontario | 11/2018 - 08/2024

- Led day-to-day fresh department operations in deli and seafood, including food preparation, packaging, and customer service
- Followed strict food safety, sanitation, and quality control procedures to ensure compliance and product integrity
- Managed inventory, labeling, product rotation, and restocking to maintain freshness and reduce waste
- Supported store operations through customer assistance, PC Express order fulfillment, and point-of-sale transactions
