

Objective

To obtain a graduate IT role where I can apply my problem-solving skills and adaptability to support IT and cybersecurity operations.

Education

Ontario Tech University Oshawa, ON
Bachelor of Information Technology, **Major:** *Networking & IT Security* 2021 - 2025

Relevant Coursework

- Python/OOP/Web & Script
- Machine Learning
- IT Forensics
- Database Systems
- Computer Security
- Project Management

Skills

- Programming Languages:** Python, Java, C++, JavaScript, HTML/CSS, SQL, Bash/Shell Scripting, Powershell
- Cloud Computing:** Familiar with AWS, Microsoft Azure
- Machine Learning:** Basic understanding of machine learning concepts and tools
- Operating Systems & Security:** Windows, Linux (Ubuntu, Fedora, Kali)
- Databases & Platforms:** MongoDB, Docker, VMware Workstation
- Software Tools:** Microsoft Office Suite (Word, Excel, PowerPoint, Outlook), Adobe Suite, Microsoft Visio
- Methodologies & Skills:** Agile (SDLC), system analysis, team management, strong presentation and problem-solving skills

Work Experience

Drone Project Researcher, Security Evaluator - Durham Regional Police Services | **September 2024 - December 2024**
Ontario Tech University

- Researched and analyzed potential cybersecurity threats to drone operations for DRPS, focusing on vulnerabilities and mitigation strategies.
- Implemented machine learning models to identify anomalies in drone data and researched 5G/5G+ technologies to enhance drone communication systems.

Teaching Assistant (Introduction to Programming) - *Ontario Tech University* **September 2024 - December 2024**

- Created beginner-friendly lab questions to help simplify programming concepts.
- Facilitating Q&A and providing hands-on coding support, debugging assistance, and problem-solving guidance.
- Assisted students one-on-one with course-related questions and managed grading and Canvas submissions.

RBC Hackathon - *DMZ Canhack Cybersecurity* **May 2021**

- Participated in a competitive hackathon focused on solving real-world cybersecurity challenges.
- Collaborated with a team to design secure, innovative solutions and gained hands-on experience in cybersecurity problem-solving.

One Mic Educators (Youth Curriculum Development Leader) - *TDSB* **July 2021-September 2021**

- Associated with Focus On Youth Toronto (FOYT) program.
- Created presentations, presented to TDSB's 150+ students
- Designed an evaluation framework for Masterclass digital learning courses(surveys) and provided feedback.
- Collaborated with Indigenous communities to develop and deliver culturally relevant learning experiences.

KN Law PC(Graphic Designer) - *Paid Coop Toronto District School Board (TDSB)* **July 2020-August 2020**

- Designed logos and promotional posters with Adobe Illustrator and Photoshop.
- Managed marketing campaigns and organized client data for mortgage brokers using Excel.

Projects

Cybersecurity Policy & Penetration Testing (Ongoing) <i>Sorbara Group - Capstone Project</i> - Conducting penetration testing and data sensitivity assessment. - Developing cybersecurity policies and risk mitigation strategies.	Jan 2025 - Present
Phishing: Credential Harvesting - Utilized Kali Linux to simulate a social engineering attack. - Designed a phishing email to redirect users to a malicious website, enabling the harvesting of user credentials.	October 2024
Robotic Animal Tail Designed a dynamic robotic animal tail utilizing Arduino and innovative mechanics for lifelike movement	February 2024
Database Project - Built a MySQL database-driven website with full CRUD functionality. - Optimized SQL queries for performance, reliability, and scalability under high user loads	February 2024
GYM Membership Website Developed and presented a website for GYM membership management. Implemented features such as personalized schedules and diet plans, providing users with access to various classes.	December 2022

Certificates

Data Fundamentals - Issued by IBM SkillsBuild	Issued - November 2025
AWS Academy Graduate - AWS Academy Cloud Foundations	Issued - November 2023
Angular Essential Training – LinkedIn Certification	Issued - November 2022
Specialist High Skills Major - Information & Communication Technology	Issued - July 2021
Introduction to IoT - Cisco Networking Academy	Issued - December 2020
Introduction to Cybersecurity - Cisco Networking Academy	Issued - December 2020

Volunteer Experience

CodeHers (INSTRUCTOR) Volunteered at Marc Garneau Collegiate Institute as an introductory HTML instructor.	Sep 2020 - Apr 2021
TechSquad Club at MGCI Collaborated with the IT team to identify areas for improvement and implement solutions at Marc Garneau C.I	Sep 2020 - Apr 2021
Youth Committee ANSS foundation(ORGANIZER) Arranged Zoom meetings for newcomers.	Jan 2021 - Feb 2021
ANSS foundation(Independent Distributor) A foundation called ANSS, where I packed food for people with COVID-19 positive and distributed the items safely door to door.	Dec 2020 - Feb 2021
TNO - The Neighborhood Organization(Organizer/Distributor) Supported TNO during the pandemic in packing and organizing summer camp boxes for virtual students.	Jun 2020

Honors & Awards

Received Dean's honor's list recognition in Ontario Tech University - Fall	September - December 2024
Awarded by " Women for STEM Scholarship " for 4 consecutive years in Ontario Tech University	2021 - 2025
Received President's honor's list recognition in Ontario Tech University - Fall	September - December 2020
Award of Recognition Entrance Scholarship (Grade: 85% +) - Ontario Tech University	July 2021
TNO Community Award - TNO- The Neighbor Organization	July 2021
