191B Savoy Landing SE, Calgary, AB - T3S 0L1

Objective:

To obtain a solid position where I can improve my skills, knowledge and expand my work experience in exciting environments.

Skills/Assets:

- Able to adapt and learn quickly when thrown into any unfamiliar environment
- Friendly, works well around other individuals and acts as a team player
- Ability to stay level headed and efficient in stressful situations
- Responsible and able to take a role of leadership
- Developed customer service skills and money handling competence

Experience:

Alpine Glass - Apprentice Glazer (June 3, 2024 - July 16, 2025)

- Training in fabrication of frames and cutting of glass in the shop. Installation/ demolition of frames and glass at contracted job sites. Replaced numerous amounts of glass and I am fairly decent at caulking. I am very confident in my mechanical and analytical prowess acquired in this trade. Learned numerous ways of tackling problems through different perspectives during this job.

YYC Inland IDS - Aircraft Deicer (October 2021 - September 2022)

- Well trained to inspect, drive and operate deice trucks, as well as inspect deicing fluids. Much more knowledge and experience at the YYC airport. I am trained on aircraft pushback and security.

Dairy Queen - Chill Section Ice-Cream Maker (June 2019 - July 2020)

- Worked at the chill section making beverages and ice cream to serve to customers during high school.

Education/ Qualifications:

Central Memorial High School Graduate (June 2021)

Completed CWB level 1 welding inspection class with 97% overall (November 21, 2023)

Acquired the Google Technical Support Fundamentals Certificate (December 2, 2025)

Built multiple computers and have a lots of experience with technology

Completed CSTS work safety, WHMIS, Fall Protection, and Mobile Elevating Work Platforms training

Proficient with hand tools, good mechanical knowledge, repairs and maintains personal car for the past 7 years

Availability:

Available Immediately, Full Time. Will Work Weekends.
