

Walid Walwil

Senior Cybersecurity Professional

(Security Clearance Level II)

Profile Summary

Deep expertise in network security, successfully reducing breaches beyond acceptable levels through strategic FortiGate firewall rules, UTM security profiles, secure SDWAN implementation, and adopting the Zero Trust Network Access concepts.

My experience includes analyzing and mitigating IT threats, ensuring compliance with FBSP, NIST, and PCI DSS standards, thus improving network and system availability and integrity. In addition, implementing pioneering security solutions with the Fortinet product suite, developing integrated and innovative security strategies that enhance customers' network resilience against cyber threats.

I have a proven expertise in implementing secure cloud solutions, enhancing availability and security for cloud applications, and ensuring robust defense against cyber-attacks by adopting SASE and CASB solutions for users connecting from anywhere.

Professional Experience

Fortinet Technologies Inc., Canada Senior Cybersecurity Professional

Jul 2018 – Present

As a Senior Cybersecurity Professional at Fortinet Technologies Inc., I excel in securing networks and mitigating IT threats through strategic implementation of FortiGate firewalls and collaboration with diverse network devices from leading vendors such as Cisco, Juniper, Palo Alto, Checkpoint, etc.

Key Responsibilities:

- Assess and address customers' network security challenges, providing tailored solutions using FortiGate firewalls in real-time or within SLA.
- Manage a range of network devices connected to FortiGate firewalls to meet stringent security requirements.
- Identify and mitigate network and system threats, developing effective protection measures and reviewing security implications for informed recommendations.
- Collaborate closely with peers and management in the SOC center, ensuring adherence to best practices for network and system security, analyzing compliance reports, and recommending countermeasures against known vulnerabilities.
- Working knowledge in other Fortinet products including FortiCare ticketing system, FortiSASE, FortiManager, FortiAnalyzer, FortiAuthenticator, FortiProxy, FortiClient EMS, Forticlient, FAPs, FortiSwitch, FortiTokens, Forticloud, FortiEDR, and the security fabric.

Technical Skills

UTM Security

Antivirus, App Control, Data Leak Prevention, DDoS, File Filter, IPS, WAF, Web filter, DNS Filter

Secure Connectivity

IPSec VPN, SSL VPN, ADVPN, L2TP, PPTP, VPN Gateways

IAM & Cloud Security

Azure AD (MS Entra ID), DUO, Azure ExpressRoute, OKTA, SASE, CASB

Security & Protocols

HTTPs, FTPs, SNMP, SMTP, SSH, SSL/TLS, TCP, UDP, RDP, IEEE 802.1X, X.509 Certificates, CVEs, PCI DSS, FIPS 140-2/3

Authentication

LDAP, Radius, TACACS+, 2FA, MFA, SSO, SAML, Zero Trust Network Access (ZTNA)

Networking & Tools

SDWAN, Dynamic Routing (OSPF, BGP), Web Proxies, Load Balancers, VLANs, IEEE 802.3ad, Wireshark

The comprehensive technical skills set and hands-on experience make me a valuable asset in securing networks and ensuring robust cybersecurity measures.

Soft Skills

- Excellent written and verbal communication skills
- Critical thinking and ability to solve complex problems
- Flexibility and adaptability in teamwork or individually
- Self-management, time-management and organizational skills
