

# Jose Loaiza Quiroz

---

## Software engineer

GTA, ON | +1 437-365-5036 +57 321-832-5036 | [Joseloaza815@gmail.com](mailto:Joseloaza815@gmail.com)  
<https://www.linkedin.com/in/joseloaza815/>

## Professional Summary

Innovative Software Engineer with 10+ years of experience architecting high-performance distributed systems. Expert in building robust backend services using **C#, NestJS, SAP ABAP, and TypeScript**, with a deep specialization in **middleware integration** and seamless data exchange. I have a proven track record of owning the full SDLC from initial design to automated deployment and transforming complex business requirements into scalable, clean code.

## Skills

**Software Engineering:** Familiar with software architecture principles, microservices, API design, and system integration using programming languages such as Typescript, JavaScript, NestJs, C#, VB.net

**DevOps & Automation:** Understanding of CI/CD pipelines, Infrastructure as Code (IaC), and automation tools like Terraform.

**Cloud Computing:** Proficient in AWS, Azure, and GCP; Cloud architecture and migration strategies.

**Agile Methodologies:** Strong background in agile development practices (Scrum, SAFe), team leadership, and DevOps culture.

**Technical Leadership:** Lead cross-functional teams, drive solution design, and ensure alignment with enterprise goals.

**Communication:** Strong written and verbal communication for technical documentation, stakeholder presentations, and team collaboration.

## Work History

### Software Developer | Nov 2023 – Current

#### MCAD | Medellín, Colombia

- Developed scalable web applications using JavaScript, C# frameworks and RESTful APIs.
- Analyzed system performance metrics, identifying areas for improvement and implementing enhancements.
- Improved software efficiency by troubleshooting and resolving coding issues.
- Developed customized software solutions for diverse clients, resulting in increased satisfaction and repeat business.
- Collaborated with cross-functional teams to define project requirements and deliver software solutions.
- Spearheaded integration of CI/CD pipelines to streamline deployment processes and improve efficiency.

### Back End Developer | Sep 2022 - Dec 2022

#### Qrvey | USA (Remote)

- Designed back-end services using Node.js and AWS (Lambda, API Gateway, DynamoDB) to process and analyze large datasets.
- Streamlined deployment pipelines with Jenkins CI/CD, achieving a remarkable reduction in deployment time by 30%, resulting in faster delivery of critical updates and enhanced team productivity.

Improved system performance by optimizing API integration with Elasticsearch, reducing query time by 40%.

- Debugged and resolved critical back-end issues, increasing system uptime by 99%.

### **Software Architect | ABAP Developer | Team Leader | Jun 2011 - Jan 2022**

#### **Solla S.A | Itagüí, Colombia**

- Lead the development of an electronic invoicing system, reducing invoice delivery time by 60%.
- Spearheaded process improvements that decreased annual expenses by 15%.
- Managed ERP implementations for two organizations, reducing operational overhead by 50% and increasing customer satisfaction by 40%.
- Lead the design and implementation of a robust integration architecture to connect SAP ERP with multiple business systems, including POS, CRM, and EDI platforms, ensuring seamless data flow and operational efficiency.
- Designed robust application architectures and databases, improving system scalability by 50%.
- Enhanced the truck scale application, leading to a 60% increase in customer satisfaction and a 40% reduction in complaints.
- Developed an employee evaluation application, reducing evaluation time by 30%.
- Spearheaded the implementation of CI/CD pipelines using GitHub Actions, accelerating deployment cycles by 40% and streamlining the overall software release process.

## **Education**

### **Postgraduate in Technological Innovation Management**

*Universidad Pontificia Bolivariana– Medellín, Colombia - 2011*

### **Bachelor of Science (B.Sc.) in Systems Engineering**

*Universidad de Medellín – Medellín, Colombia - 2004*

### **AWS architect course**

*Smart Data – 2025*

## **Certifications**

- AWS Certified Solutions Architect – Associate
- Advanced Business Application Programming (ABAP) Certification

## **Languages**

- English: Intermediate (B2)
- Spanish: Proficient (C2)
