Professional Summary

QA, Backend, and Machine Learning professional with 5+ years of experience in **software QA, Python backend development, and AI/ML applications**. Skilled in **machine learning, NLP, backend APIs, and data analysis**, with a track record of delivering automated solutions, building robust backend systems, and optimizing QA processes. Experienced in **agile environments**, leading teams, mentoring, and collaborating across technical and business domains. Passionate about **leveraging Python, AI, and automation** to solve real-world business problems.

Professional Experience

QA – Quality Assurance Analyst

Levio | Jun 2022 – Present | Montreal, Canada

- Managed QA testing on 40+ Salesforce projects for clients including FADQ, Points, Scale AI, Geotab, Senceive, Ministry of Labour, and Ministry of Family.
- Automated functional and UI tests with **AccelQ and Playwright**, executed load/performance tests with **K6 and Artillery**.
- Detected, analyzed, and tracked defects in Jira; optimized QA processes, reducing testing time by 30%.
- Mentored junior QA team members, strengthening technical and methodological skills.

Backend & Database Developer

Clikita / Intellix | Nov 2020 – Jun 2022 | Algiers, Algeria

- Developed **backend services and APIs** in Python and SQL for ERP applications.
- Built **PostgreSQL functions, queries, and optimized database performance**.
- Automated processes using Shell scripts and integrated data pipelines.
- Generated reports via **Crystal Reports** and ensured data accuracy.

AI Intern

CERIST | Feb 2020 – Sep 2020 | Algiers, Algeria

- Developed a **Python application for automatic generation of thematic user profiles** from social activity (tweets, tags).
- Applied **NLP and LDA (Latent Dirichlet Allocation)** for topic classification.

C Development Intern

Établissement National de la Navigation Aérienne (ENNA) | Feb 2018 – Jun 2018 | Algiers, Algeria

- Developed a **C application to capture real-time radar telemetry signals**.
 - Implemented automated email alerts for system failures.
-

Projects / Achievements

- **QA Test Case Generator + AI Recommender** – Python + NLP + Streamlit
 - Automatically generates functional/UI test cases from feature descriptions.
 - Recommends the most suitable automation tool based on context.
 - Estimated reduction of 30% in repetitive QA testing time.
 - **User Profile Classifier** – Python / NLP / LDA
 - Generated thematic user profiles from social activity.
 - Applied **LDA for topic classification**.
 - **Backend API for ERP Automation** – Python / PostgreSQL / Shell
 - Developed automated data pipelines and ERP reporting services.
-

Education

- **Master's Degree in Computer Science** – University of Algiers 1 | 2018 – 2020
 - **Bachelor's Degree in Computer Science** – University of Algiers 1 | 2015 – 2018
-

Certifications

Salesforce Certifications

- Salesforce Certified Administrator
- Salesforce CPQ Specialist
- Salesforce OmniStudio Consultant & Developer
- Salesforce Business Analyst
- Salesforce Experience Cloud Consultant
- **Salesforce AI Associate**
- Salesforce Associate Certification

QA / Automation / Agile

- ISTQB Advanced Level – Test Analyst
- ISTQB Foundation Level – Certified Tester
- AccelQ Automation Professional (2 certifications)

- PSM I – Scrum.org

Machine Learning / Data / Analytics

- Google Foundations: Data, Data Everywhere
- Ask Questions to Make Data-Driven Decisions – Google
- Google Analytics for Beginners

Backend / Development & DevOps

- Python, React, JavaScript, ASP.NET Core, Shell Scripting, SQL (PostgreSQL, MySQL, Oracle)
 - Linux fundamentals, Modern JS for React
-

Technical Skills

- **Machine Learning & AI:** Python, NLP, LDA, Pandas, scikit-learn
 - **Backend Development:** Python, REST APIs, SQL (PostgreSQL/MySQL/Oracle), Shell scripting
 - **QA / Automation:** AccelQ, Playwright, K6, Artillery, Manual & UI Testing
 - **Databases & Data Management:** PostgreSQL, Oracle, MySQL, MS Access, Bucardo
 - **ERP & Reporting:** Crystal Reports, Intellix
 - **Methods:** Agile / Scrum
 - **Soft Skills:** Leadership, mentoring, agile collaboration, problem-solving, effective communication
