
Bryan Eng

Data Analyst

Burnaby, British Columbia, Canada

778-751-6558

eng.w.bryan@hotmail.com

SKILLS

Languages: Python, R, SQL, Excel, AngularJS, React, CSS, Javascript, Java, C++, C

Data Science: Scipy, Pandas, matplotlib, spark, Tableau, Power BI

CURRENT

BCIT – Advanced Data Analytics Certificate

2024 – 2026

- Certificate covering a wide range of skills necessary for being a data analyst
- SQL database querying & management
- Statistical modelling in R
- Data visualization using Tableau and Power BI
- Data warehousing with Databricks
- Data mining using Python and Apache Spark

WORK

Providence Health - Data Analyst Intern

2022 - 2024 | Burnaby, BC

- Designed SSRS (SQL Server Reporting Service) reports which compiles SQL data into readable reports, and delivers to clients via email
- Customized SQL scripts for the SSRS reports based on specific needs of each client
- Utilized Excel to perform preliminary analysis of data structure and plan out logic for SQL scripts

PROJECTS

MyAnimeList User Clustering ([Wordpress](#), [Github](#))

- Performed ETL data integration combining user and show datasets
- Implemented logistic regression to predict user gender based on genre preferences
- Utilized agglomerative hierarchical clustering to predict user groupings

Bank Account Clustering Project ([Github](#))

- Extracted, cleaned and combined chequing, credit, and savings accounts of users into flat-file format for clustering
- Utilized elbow method to train k-means clustering and identify four categories: high, mid, low savings, and high debt
- Aggregated and plotted polar charts of user categories to analyze and discover trends in savings accounts of these users

Angular JS Recipe Website

- Implemented a grocery tracking list for registered users
- Utilizes JSON to communicate with a NodeJS server
- Two-way data binding, nested components, services, data pipes, routing, sessions

EDUCATION

Lighthouse Labs Data Science - *Bootcamp*

2022 | Burnaby, BC

Simon Fraser University - Computing Science, Bachelors

2013 - 2017, 2019 - 2020 | Burnaby, BC
