Experience

Rogers Beyond Wireless / Sales Associate

July 13th 2025 - PRESENT, 1100 Pembroke Street East, Pembroke, ON.

- Used leadership skills to ensure all team members were on track to meet or exceed KPI metrics, as outlined in our monthly target letters.
- Onboarding new staff to meet Beyond Wireless expectations and to succeed within the sales team.
- Ensured stock was accepted proficiently and punctually, while communicating with the inventory team to ensure accurate stock management.
- Handled payroll and scheduling so employee availability and desired hours were maintained, and ensured employee scheduling met company expectations.
- Maintained standards within the store to guarantee a positive customer experience and dealt with customer concerns promptly and professionally.

Rogers Beyond Wireless / Sales Associate

August 2024 - July 13th 2025, 1100 Pembroke Street East, Pembroke, ON.

- Gained fluency in financing rates and terms.
- Utilized active listening to isolate customer concerns and find cross-sell opportunities.

Family and Children's Services of Renfrew County / Direct Support Worker

August 2017 - April 2024, 464 Isabella St, Pembroke, ON. .

- Supported clients through community involvement and in day-to-day tasks.
- Take clients for hiking trips, out of town to events, organize social gatherings between clients, and ensuring every day is filled with activities.
- Gained comfortability working long hours (12-16 hours) during respite shifts.
- Developed de-escalation techniques on a client-to-client basis, in correlation to their developmental needs.
- Communicate support logs and updating client file in collaboration with their case manager and psychologist.

Pops Cannabis / Assistant Store Manager

MARCH 2023 - JUNE 15th 2024, 1100 Pembroke Street E, Pembroke, ON.

- Gained familiarity with CSV file types to complete inventory and cycle counts.
- Utilized Excel to analyze store targets and communicate the store's success in achieving those targets back into the company database.

Education

Coursera/ Google Advanced Data Analytics Professional Certificate

March 2025 - present, Online Delivery

- Broadened and sharpened skills as a Data Professional, gaining confidence with more complex datasets and learning better approaches to data cleaning and data transformation.
