Work Experience

CCA

The Birches Nursing Home-Musquodoboit Harbour, NS

November 2021 to October 2025

Working as a CCA at The Birches Nursing Home my responsibilities include

- Assisting residents with Activities of Daily Living such as morning personal care, dressing, toileting, bathing, brushing teeth, denture care, shaving, prepping and or feeding meals.
- Light housekeeping including tidying resident bedrooms, making beds, sorting laundry and keeping the community areas tidy.
- I am trained to use all different kinds of wheelchairs, how to safely use transfer belts , and mechanical lifts.
- Performing recreational activities which include activities like bingo, movie days, music, crafts and coloring, cards and other games.
- As a CCA we have to keep detailed daily notes regarding how the residents are feeling day to day.
- A major component daily CCA work includes connecting with the residents, getting to know them. Getting to know all their likes and dislikes, what bothers them and what can always cheer them up, and to be there to provide the support and company they need daily.

Continuing Care Assistant (CCA)

Glen Haven Manor-New Glasgow, NS

September 2020 to September 2021

Working as a CCA at Glen Haven Manor my responsibilities include

- Assisting residents with Activities of Daily Living such as morning personal care, dressing, toileting, bathing, brushing teeth, denture care, shaving, prepping and or feeding meals.
- Light housekeeping including tidying resident bedrooms, making beds, sorting laundry and keeping the community areas tidy.
- I am trained to use all different kinds of wheelchairs, how to safely use transfer belts , and mechanical lifts.
- Performing recreational activities which include activities like bingo, movie days, music, crafts and coloring, cards and other games.
- As a CCA we have to keep detailed daily notes regarding how the residents are feeling day to day.
- A major component daily CCA work includes connecting with the residents, getting to know them. Getting to know all their likes and dislikes, what bothers them and what can always cheer them up, and to be there to provide the support and company they need daily.

Security Officer

Acadia University-Wolfville, NS

May 2015 to August 2019

Working at the University my responsibilities included

- Monitored multiple CCTV feeds to keep close eye on important areas of buildings and grounds.
- Monitored premises and recorded all activity in daily officer report
- Warned persons of rule infractions or violations and evicted violators from premises.
- Wrote reports outlining incidents such as theft, unauthorized access violations or other unusual occurrences to help support later criminal or civil actions.
- Followed established security and safety procedures and posted orders to include enforcement of company rules, policies and regulations.
- Called police and fire departments during emergency situations, administering first aid and CPR until arrival.
- Triageed problems quickly and provided precise and clear information while working under minimum supervision.
- Secured personnel and premises by inspecting buildings, patrolling property and monitoring surveillance cameras.
- Maintained stamina during long periods of sitting, walking, standing or driving while remaining focused and vigilant.
- Answered and maintained several different phone lines at one time, while recording and transferring call to all University departments.

Healthcare Security Officer

Paladin Security-Dartmouth, NS

August 2014 to June 2015

To work in the Health Care Setting I was required to go through very thorough training that prepared officers in dealing with any and all emergency situations. During my time at the hospital I was responsible for

- Maintained safety by quickly responding to alarms and investigating disturbances.
- Patrolled premises to ensure safety of employees and visitors.
- Monitored security cameras and building and alarm systems.
- Quickly and accurately reported all security incidents, accidents and potential threats.
- Documented all security-related situations, and anything that occurred on shift, including what times patrols were complete to in-depth accounts of calls (emergency, missing patient, assistance, violent threats/ violent patients, access requests) that were completed on shift.
