WORK EXPERIENCE

Box Clever - Web Design Co.

Apr 2022 – Aug 2025

UX Developer

Hybrid

- <https://boxclever.ca> | <https://rallyonline.co/> | <https://looponline.co/> is an Edmonton web design company building beautiful, functional, and accessible websites. All three sites are under the Box Clever umbrella.
- Lead and often sole front end developer start to finish on projects across all three respective wings of the company.
- Lead front end developer on the WordPress team and developed a new custom code starting template for the company.
- Worked with diverse clients in the education, municipality, and commercial fields.
- Worked collaboratively with web designers, account managers, and back end developers to complete major projects.
- Contributed towards the continued development of their custom content management system.
- Some of my favourite contributions that I can disclose. As of this application I am responsible for the vast majority, or all of the front end development on the linked websites.

Stack: JavaScript (ES6); PHP (Custom CMS, WordPress); macOS; SASS; HTML:5, CSS

promohack

June 2021 - Apr 2022

WordPress developer

Remote

- As the company's sole developer I would translate the provided design into clean and accessible code.

Stack: JavaScript (ES6); PHP (WordPress); macOS; SASS; HTML:5, CSS
