UI/UX Designer and Front-End Developer with a diploma in Interactive Media Design and hands-on experience designing and implementing accessible, user-centered digital interfaces. Skilled in HTML, CSS, JavaScript, React.js, usability testing, and prototyping, with strong user insight gained from front-line support and CRM documentation.

Experience

Call Center Representative, Seasonal

Costco Wholesale | October 2023 - February 2024

- Responded to high-volume inbound calls during peak holiday season while maintaining accuracy and professionalism.
- Resolved billing, order, and membership inquiries with professionalism and speed.
- Maintained accuracy while navigating internal systems under pressure.
- Built strong multitasking and communication skills in a fast-paced call center environment.
- Demonstrated empathy, patience, and clarity with every customer interaction.
- Used Oracle CRM to document calls, take real-time notes, and update customer logs accurately.

Personal Support Assistant

Montfort Long Term Care | October 2021 - Current

- Performed key-fob database entry and maintained accurate user logs.
- Provided front desk and reception support by welcoming and assisting residents, families, and visitors.
- Assisted with feeding residents and supervised those requiring one-on-one care and attention.
- Helped coordinate and lead resident activities, including games, crafts, and recreational programming.
- Encouraged and motivated residents to participate in social and cognitive activities.
- Decorated resident areas and common spaces for holidays and special occasions.
- Hosted and facilitated video calls between residents and families during COVID-19 visitor restrictions.
- Conducted COVID-19 screenings for staff, visitors, and caregivers, and enforced health protocols.
- Supported resident mobility needs, including safe transfers and repositioning assistance.
- Maintained a safe, compassionate, and respectful environment for all residents and guests.

Teaching & Pro-Bono

Design Lead – Game Board Project

Algonquin College | September 2019 – December 2019

- Led a student team in conceptualizing and designing an interactive board game prototype.
- Guided peers on visual design, layout, and gameplay mechanics, ensuring cohesive user experience.
- Facilitated creative direction and feedback sessions, mentoring team members on improving design quality.
- Oversaw UI elements, art style consistency, and user interaction flow within the project.
- Delivered project presentations showcasing teamwork, process, and design strategy.

UX UI – Website Revamp for Educational school

SELspace | May 2023 - August 2023

- Collaborated with a teacher client to redesign and modernize their school website.
- Used Basecamp to coordinate team communication, task management, and progress tracking.
- Migrated the site from an outdated WordPress CMS to a newer version for better performance and flexibility.
- Improved UX by updating the logo, enhancing visual hierarchy and readability, fixing broken links, and resolving formatting bugs.
- Gained hands-on experience in user-centered design, client communication, and responsive layout optimization.
- Delivered a cleaner, user-friendly experience tailored to both staff and families.
- Improved task completion time by **40%** post-launch.
- Simplified information architecture and improved accessibility (A11y).

Education

Algonquin College

Interactive Media Design (Diploma) | 2021 - 2023
