

Rabia Agha

UofT Industrial Engineering Alum with ~3 Years Experience in Software

WORK EXPERIENCE

Axiom Innovations, Toronto — Junior Software Developer

APRIL 2025 - NOVEMBER 2025

- Collaborated with cross-functional teams to improve system efficiency and reliability through continuous monitoring, data-driven testing, and process optimization
- Designed and implemented scalable backend systems using C# and SQL, ensuring high performance and measurable outcomes aligned with business needs
- Supported performance tracking and reporting, contributing to evidence-based decisions through structured documentation and metrics analysis
- Features implemented: Enhanced CRM Email Templates, Automation Engine, FinTech Documents & Forms Generation

SOTI, Mississauga — Associate Software Developer

APRIL 2022 - SEPTEMBER 2023, JULY 2024 - MARCH 2025,

- Collaborated across teams to ensure the delivery of high quality software adhering to the software development life cycle
- Supported the development of user-centered tools through iterative testing, client feedback, and user experience research
- Led technical documentation efforts to ensure maintainability
- Supported business units by providing technical expertise, ensuring deliverables aligned with organizational goals

Humans of SKULE, UofT — Photographer, Interviewer

SEPTEMBER 2022 - APRIL 2023

Dedicated photographer and interviewer for the "Humans of Skule" project, a student-led initiative capturing and sharing the diverse stories and experiences of BIPOC individuals within the engineering community.

EDUCATION

University of Toronto — BASc. Industrial Engineering

SEPTEMBER 2019 - APRIL 2024

Completed advanced courses in LEAN Six Sigma, Statistics, Simulation, and Scheduling with GPA 3.88/4.00

University of Guelph — Landscape Design Certificate

JANUARY 2026 - APRIL 2026 (Expected)

Coursework: Plant Identification, Ecological Design, AutoCAD

[linkedin.com/in/rabia-q-agma/](https://www.linkedin.com/in/rabia-q-agma/)

TECHNICAL SKILLS

Microsoft Office Suite (Excel, Word, PowerPoint)

Data Visualization & Analytics:

Power BI, Tableau, Python, R, SQL

Optimization & Scheduling:

Gurobi, AMPL

Web Development: C# .NET,

RabbitMQ, HTML, CSS, TypeScript, JavaScript, Angular, React, Vue

Database MS SQL Server, Redis,

MongoDB

SOFT SKILLS

Team-oriented and adaptable in fast-paced environments

Excellent written and verbal communication

High emotional intelligence and creativity

Excellent organizational, analytical and complex problem-solving skills

PROJECTS & AWARDS

Dean's List for Academic Achievement

The Wallace G. Chalmers Engineering Design Scholarship

Routing and Wavelength Assignment in Optical Networks

Mineral Refinement and Processing Simulation
