📍 Edmonton, Alberta

SKILLS

- Large Language Models
- Machine Learning
- Generative AI
- Model Context Protocol
- Git
- Linux/Unix Environment
- Web Development
- Encryption/Cryptography
- Data Analysis
- Agile Development

LANGUAGES

Proficient in:

- Python
- C

Competent:

- Java
- C++
- HTML
- JavaScript
- TypeScript

PROFILE

A detail oriented and analytical final-year Computer Science student at the University of Alberta, specializing in Artificial Intelligence. Possesses a strong foundation in machine learning algorithms, data modelling, and deep learning principles to automate and solve complex problems. Seeking an opportunity to apply theoretical knowledge and practical AI skills to build, train, and deploy intelligent systems as part of a forward thinking technology team.

PROJECTS

StarCraft 2 AI Bot

https://github.com/RylannAnd/AI_Armada

- Written in C++, using Blizzard's API.
- Finished 2nd place out of 11 teams: 49 wins, 3 draws, 8 losses.
- Deployed an aggressive greedy Zerg rush strategy.
- Implemented efficient pathfinding algorithms, optimized planning, and scripting AI systems.

Project Management and Impact Reporting Website

Developer, Scrum Master, Project Owner

<https://ualberta-cmput401.github.io/f24project-ActionKin/>

<https://cmput401.ca/projects/d1c97755-277d-479d-9926-539004ba7e1f>

- Analyzed and debugged legacy HTML/JS codebase, improving site loading times by 20%.
- Translated stakeholder requirements into technical specifications during weekly client meetings.

CERTIFICATES

Complete Reinforcement Learning System (Capstone)

2025

University of Alberta - Coursera

Credential ID: QVE51556T7CT

Fundamentals of Reinforcement Learning

2025

University of Alberta - Coursera

Credential ID: H2N36OWEX09N

Prediction and Control with Function Approximation

2025

University of Alberta - Coursera

Credential ID: Z8SLE6DCURK6

Sample-based Learning Methods

2025

University of Alberta - Coursera

Credential ID: 1NPYJO2J73VC

Reinforcement Learning

2025

University of Alberta, AMII - Coursera

Credential ID: 8SI8DW9NQLMZ

EDUCATION

University of Alberta

Sept 2020 - April 2026

B.S Computer Science - Artificial Intelligence Specialization

Applied Mathematics, Discrete Mathematics, Algorithms, Machine Learning, Artificial Intelligence, Reinforcement Learning, Deep Learning, Neural Networks, Data Structures, Statistics, LLM's
