-

PROFESSIONAL EXPERIENCE

Senior Web Developer

Tops Info Solutions – Ahmedabad, India | Jun 2022 – Jun 2024

- Led development of large-scale e-commerce marketplace solutions for enterprise clients.
- Provided technical leadership to junior developers through code reviews, mentoring, and weekly technical training sessions.
- Designed and implemented REST APIs and backend services using Laravel and MySQL.
- Built and maintained reusable Laravel packages, including a custom Shipping Services module.
- Managed change requests, coordinated with QA teams on test cases and specifications, and ensured release quality.
- Contributed hands-on development across backend and frontend, including client-side validation using JavaScript and jQuery.
- Owned database design and optimization using complex MySQL queries and stored procedures.

Software Engineer

AZOVA Web Development – Ahmedabad, India | May 2019 – May 2022

- Delivered healthcare and life-science solutions supporting patient history, diagnosis, and vaccination workflows.
- Successfully upgraded Laravel applications from version 5.x to 9.x with minimal defects.
- Implemented secure integrations using HL7 standards for handling confidential personal health information.
- Participated across the full Agile sprint lifecycle, collaborating with business analysts and senior engineers.
- Designed APIs, database triggers, and optimized MySQL queries to support scalable healthcare systems.
- Translated business requirements into technical solutions and data flow designs.

Web Developer

Shuban Technologies – Ahmedabad, India | Jun 2015 – Apr 2019

- Developed e-commerce solutions using Core PHP and MySQL.
 - Integrated third-party payment gateways including Razorpay.
 - Built reusable components and streamlined business processes to reduce development cost and effort.
 - Supported end-to-end development, maintenance, and enhancements of multiple client projects.
-
