Projects

Health Ease - Full-stack Web Application

Technologies: JavaScript, HTML5, CSS3, React

- Prepared Figma mock-ups and storyboards based on user requirements.
- Developed reusable UX/UI components using React.js.
- Integrated website-related code including forms, graphics, and layouts.
- Tested and modified front-end logic to improve performance and interactivity.
- Assisted in creating logical and physical design specifications for the system.
- Communicated technical processes and solutions to team members.

E-Commerce Website - Paws & Wings Pet Store

Technologies: WordPress, WooCommerce, HTML/CSS, SEO, Elementor

- Collaborated in a multidisciplinary student team to design and develop a complete e-commerce pet store website.
- Gathered and documented user requirements and translated them into website layout and flow.
- Customized WordPress themes and plugins to enhance functionality and user capacity.
- Integrated product categories, images, and cart logic using WooCommerce.

Leet-Metrics - Personal Project

Technologies: HTML, CSS, JavaScript, REST API

- Designed and developed a responsive web application using HTML, CSS, and JavaScript.
- Integrated external REST APIs to retrieve and display structured website data.
- Implemented logical specifications for accurate data transformation and rendering.
- Optimized website structure using semantic HTML and SEO best practices.

EXPERIENCE

- Teleperformance (GoDaddy) - Technical Support Representative (June 2023 – July 2024) - India
 - Assisted clients with WordPress websites by documenting their requirements.
 - Applied HTML/CSS modifications to improve website layouts and navigation.
 - Diagnosed technical problems related to hosting, plugins, and themes.
 - Researched and evaluated WordPress plugins and themes for client solutions.

Education

- **Web Development Diploma** – Conestoga College, Canada (2024–2025)
- **Bachelor of Technology** – Computer Engineering – Maharishi Markandeshwar University, India (2019-2023)

ADDITIONAL

- **Strengths:** Attention to detail, Analytical Thinking, Teamwork, Continuous Learning.
