

Dewan Shayan Khan

Milton, ON | 647-996-4244 | dewanshayankhan@hotmail.com

Professional Summary

Web Developer with 6+ years of experience designing, building, and maintaining WordPress websites and web applications. Skilled in PHP, JavaScript, HTML/CSS, MySQL, and responsive, mobile-first design. Experienced in theme/plugin development, website performance optimization, security hardening, and deploying scalable, high-availability websites. Known for translating designs into user-friendly interfaces, collaborating with marketing/design teams, and delivering reliable digital solutions.

Core Skills & Technologies

- **WordPress & Web:** Core, Themes, Plugins, PHP, JavaScript, HTML5, CSS3, WP-CLI
- **UI/UX Implementation:** Responsive Design, Accessibility (WCAG awareness)
- **SEO & Performance:** Page optimization, caching, CDN (Cloudflare)
- **Databases:** MySQL, query optimization, performance tuning
- **Server & Hosting:** Linux, Apache/Nginx, cPanel, SSL/TLS, VPS, AWS, DigitalOcean
- **DevOps & Tools:** Git/GitHub, GitHub Actions, CI/CD, monitoring tools, Docker (familiar)
- **Debugging & Troubleshooting:** Front-end, back-end, plugin conflicts, API failures

Professional Experience

Assistant Manager – Software Development / Web Systems

Bosch Pharmaceuticals | Jul 2023 – Jul 2025

- Developed and maintained WordPress websites and internal web applications using PHP, JavaScript, HTML/CSS, and MySQL.
- Customized themes and plugins, translating design and functional requirements into responsive, user-friendly interfaces.
- Managed Linux-based and cPanel hosting environments with SSL/TLS, DNS, automated backups, and server hardening.
- Collaborated with designers, QA, and product teams to implement UX/UI improvements and ensure accessibility compliance.
- Troubleshoot front-end and back-end issues, including plugin conflicts, database errors, and API failures.

- Built CI/CD pipelines using GitHub Actions and GitLab CI, reducing deployment errors by 25%.

Research Associate – Systems & Web Reliability

NUCES (FAST) University | Sep 2022 – Jun 2023

- Supported academic and research web platforms using PHP, MySQL, JavaScript, and HTML/CSS.
- Improved backend performance through caching strategies, query optimization, and server tuning.
- Strengthened system reliability via security patches, monitoring tools, and configuration improvements.

Senior Quality Assurance Engineer – Enterprise Web & Backend Systems

Unplar Technologies | Oct 2021 – Aug 2022

- Tested, debugged, and optimized web applications, APIs, and database systems for performance and reliability.
- Assisted with server-level troubleshooting and DevOps automation to reduce deployment issues.
- Ensured front-end responsiveness, cross-browser compatibility, and adherence to UX standards.

Web Developer / IT Support Engineer

Bosch Pharmaceuticals | Feb 2019 – Sep 2021

- Built, customized, and maintained internal WordPress modules, scripts, and APIs.
- Administered Linux servers and cPanel hosting, configured SSL/TLS, performed routine audits, and managed backups.
- Collaborated with design and marketing teams to deliver responsive, user-friendly web experiences.

Education

Master of Science – Computer & Network Security

FAST (NUCES) University | Dec 2023

Bachelor of Science – Software Engineering

University of Karachi (UBIT) | Dec 2018

Certifications & Licenses

- SAP ABAP
- Valid Ontario Class G Driver's License
